Chris Pugh

Executive Growth Partner

Chris is a seasoned executive working in publicly traded organizations to startups and non-profits. He spent the first decade of his career in the Accounting and Finance roles working his way from a Cost Accountant to a CFO.

Chris spent the last five years creating and growing a drone startup that revolutionized the Telcom industry ability to capture inspection and modeling data using a UAV. Also during this time he served as the Founding Board President of the North Coast Drone Alliance.

Chris has built his career around strong belief that the better his team, the better the result. He is a fan of the iCXO Performance Coaching Model and enjoys strengthening Financial and Accounting teams.
