Chad Doughty

Executive Growth Partner

As a FlexExec at iCXO Chad will serve as the fractional, interim or project COO helping manufacturing facilities transition into Industry 4.0 leveraging advanced automations, robotics and artificial intelligence.

Chad brings a unique perspective and years of experience in the areas of Factory Automation and Digitalization, IoT-Industry 4.0, Predictive Analytics. He combines this knowledge with his skills in Sales, Account Management, Team Building, Corporate Training and Coaching, with an emphasis on the ability to Maximize Productivity. Chad is well positioned to serve the progressive growth of our Manufacturing clients through his Operations Executive experience of supporting numerous factories globally, such as Boeing, Spirit AeroSystems, Schlumberger Limited, Atlas Copco, Epiroc, and Jabil Packaging Solutions.

Chad resides in Southern California, where he enjoys a wide variety of outdoor sports and activities, especially mountain bike riding, hiking, cycling and the beach! He enjoys missions trips and recently participated in an evacuation effort in war-torn Ukraine.
